# WHAT IS THE ROLE OF OBI?

Outward Bound International oversees the network of licensed member Outward Bound Schools that make up the worldwide Outward Bound community:

## TRADEMARK PROTECTION

Protection, by Trademark Registration, of the Outward Bound name and Logo around the world.

## LICENSING OF OUTWARD BOUND SCHOOLS

A three step licensing process helps new countries establish Outward Bound organisations that meet our agreed safety and quality standards.

When new countries start up, we make every effort to mobilise appropriate resources from the worldwide Outward Bound community to assist.

OBI also works with, and provides support to, established Schools to ensure licensing conditions continue to be met.

## WHOLE SCHOOL REVIEWS

OBI undertakes Resilience, Safety and Quality Reviews at all of the member Schools.

This is a major task, involving coordination among 36 countries to assemble appropriately qualified teams that practically evaluate Outward Bound programs and systems of risk management and the resilience of the School.

Experienced and trained review leaders are critical to this effort and OBI both selects outstanding individuals as leaders and conducts training programs for senior staff worldwide to be review leaders.

## COMMUNICATION BETWEEN OUTWARD BOUND SCHOOLS

Promoting communication among the global network of members is a critical function of OBI and is addressed with multiple strategies.

- The website [www.outwardbound.net](http://www.outwardbound.net) is a key first contact point for potential customers of Schools around the network
- The Global Portal is a modern and up to date platform for sharing ideas, resources, research and learning between members
- World Conferences are organised by OBI every 2 years around the world
- Training programs are offered periodically
- An annual Journal is produced
